1734

To The Inhabitants of the Town of Boston regularly assembled this 8th day of May 1734. The Memoriall of the Subscribers Humbly Sheweth. That the Lane at the lower end of the Common from Mr. Sheafs to Frog Lane is so narrow that in the Winter season it is sometimes filled up with snow, so as to render it almost impassable & at other times is overflowed with Water so as to make it very incommodious to all that pass that way, & in the Summer time will not allow two loaden Carts to pass each other, nor can the Corner there be turned without some difficulty by reason of the narrowness of the Lane, especially since the Corner peice of Land has been fenced in, as of late it has been; It is therefore requested that the Town will please to appoint a Committee to treat with y^e persons abutting on said Road, & the part of Frog Lane lying between that & Orange Street, & make report to the Town at this meeting or at an Adjournment, what is necessary to be done in order to obtain a suitable enlargement, the effecting whereof we apprehend will prove very beneficiall to the publick, & will oblige
